

16-IQ-AT

IQ-AT Test v1.1

This is a joke test used on a training course.

If printed double sided this document will look legitimate to most users.

Its goal is to show people that we often do not read the question, and put lots of our own assumptions into what we read. It provides a useful learning point.

NOTE – there is no scientific research behind this instrument – it is for educational and fun purposes only.

16-IQ-AT

v1.1

Introduction/ Instructions

This is a timed test. Please work quickly and accurately. If you cannot answer a question please leave that item blank. You MAY write on this paper.

1	In the US they have 4 th of July celebrations, is there a 4th of July in the EU?		
2	How many birthdays does the average a) man have b) woman have?	(a)	(b)
3	Some months have 31 days; how many have 28?		
4	A woman gives a beggar 50 pence; the woman is the beggar's sister, but the beggar is not the woman's brother. How come?		
5	Why can't a man living in England be buried in Scotland?		
6	Is it legal for a man in the EU to marry his widow's sister? Why?		
7	Two men play five games of chess. Each man wins the same number of games. There are no ties. Explain this.		
8	Divide 30 by 1/2 and add 10.		
9	A man builds a house rectangular in shape. All sides have southern exposure. A big bear walks by, what colour is the bear? Why?		
10	If there are 3 apples and you take away 2, how many do you have?		
11	If you have only one match and you walked into a room where there was an oil burner, a kerosene lamp, and a wood burning stove, which one would you light first?		
12	A doctor gives you three pills telling you to take one every half hour. How long would the pills last?		
13	A farmer has 17 sheep, and all but 9 die. How many are left?		
14	How many animals of each sex did Moses take on the ark?		
15	A clerk in the butcher shop is 5' 10" tall. What does he weigh?		
16	What was the Prime Minister's name in 1970?		

Thank you for completing the IQ-AT. Your assessor will guide you through the scoring process shortly.

16-IQ-AT

Intelligent Quotient & Action Test v1.1

Audience: Graduate/ Professional

Time Limit: 2 min.

This instrument tests your IQ. It is the short form of the instrument and contains only 16 short, but carefully selected questions.

Each question has been assessed as valid and verified using form factor analysis. Some of the questions may appear a little strange at first reading, however the results are based on users scores measured in carefully facilitated validity studies

You will need the following:- 1 Sharp HB pencil, Eraser,
